

THE CONNECTION/PROTECTION SOURCE

## *Cable Seal Boot*

### Cost Effective Way To Stabilize Cable

- **Exclusive Tapered Design**
- **ROHS Compliant**
- **Economical**
- **Easy to Install**

The Uraseal Cable Seal Boots are used by cabinet manufacturers to stabilize cable in enclosures. The unique tapered ends allow its versatility to be used on virtually any size cable. They provide a precise fit to compensate for cable variations. Each tapered “step” is marked with the cable diameter for that step.
